

20th July 2018

Dear Parents and Carers

As you are aware, we have been looking into ways of improving the school lunch experience for our children. In response to the feedback that our governors received from the parent voice sessions, we have started to look at more efficient ways for the children to choose their meals.

To achieve this we need a little help from you. All meals will need ordering in advance from now on so that we can use a new system where the children will be given a coloured band depending on their chosen meal. The menus run on a three week cycle and will continue up until February 2019. Please can you have a look through the attached menus and discuss each of the meals with your child. The menus are also on our website – [Please click here to DOWNLOAD](#).

Your child will have been sent home with an order form (we have also attached one to print off in case it goes missing). Please can you fill in the order form for the 3 different weeks by entering D,V or J. (Dish of the Day, Vegetarian or Jacket Potato) Any blanks we will assume you are providing a packed lunch on that day. Once completed, the form will need to be returned to the school office as soon as possible so that we can collate all of the information. Please can you have these returned to school by Friday morning 7th September so that we can start our new system on week 2.

Once we have your child's order for the 3 week menu, they will remain in place until Feb 2019 unless you tell us otherwise. If you need/want to make changes along the way you can do so by contacting the school office the week before you want the changes to happen.

Thank you for your cooperation.

Mr D Coe
